Lulu Hypermarket Surveillance
Project

Project background

Lulu Hypermarket is a hypermarket chain and retail venture started by Lulu Group International in 2000. It has **over 30,000 employees** of various nationalities.

It is **one of the largest retail chains in Asia** and is the **biggest in Middle East** with 115 outlets in the Gulf Cooperation Council (GCC) countries and one in Kochi, Kerala, India. Research firm Deloitte, recently placed it amongst the world's 50 fastest growing retailers.

The Avenues Mall

With a new hypermarket opening in Oman, Lulu chooses Dahua HDCVI technology to ensure its security. Lulu choose all products from Dahua, including HDCVI cameras, HDCVI DVRs, VMS, IP storage, video wall, etc.

The 1st phase uses about 300 front-end cameras with 90 days of storage. Lulu is quite satisfied with this solution and decides to copy it to all its 12 chain hypermarkets which are about to open this year.

Al Raffah Hospital

Project background

Content	Qty.	Remark
